September 11th
SIXTH ANNIVERSARY

CANDLELIGHT CEREMONY & CALL TO ACTION

A commemoration and convergence recognizing all that has been lost
on & since 9/11 justified by the events of that day...

including 32 victims from S. California who have yet to have a legal investigation into their murders;
all the victims of ensuing wars; decimation of our Constitution,
governmental accountability and the rule of law; bankrupting our Treasury;
crimes against humanity and our earth; anti-Constitutional Presidential Directives;
the loss of our Bill of Rights and truth itself.

Stop the war & the next 9/11. Commit to restore what's been lost. Come together.
